

# SPIRE NZ

## MELISSA PARKER BENTLEY

FOUNDER AND MANAGING DIRECTOR

Melissa has taken a break from the corporate world of financial accounting to pursue her dream of creating a business that tackles the problem of plastic waste head on.

She has combined her passions of travelling, good skincare and a love of the natural world to create an eco-friendly range of hotel toiletries.

## QUOTES

*"Travellers, now more than ever are aware of their place and impact in the world, and want sustainable accommodation and experiences, and this is where Spire NZ's products can enhance a hotels eco-credibility."*

*"Just as the accommodation industry has shifted in recent years with the likes of Airbnb, hoteliers and travellers interests in natural and sustainable products is leading to a move away from traditional hotel suppliers and a willingness towards small, authentic and innovative brands"*

*"While launching a hotel supply business during a pandemic may not be seen as ideal, tourism businesses that are normally flat out have time to rethink how they do business and how they can operate in a more sustainable way."*

## NZ MADE PRODUCTS

**All in ONE:** A 3in1 Shampoo, Conditioner and Body wash bar (Soap free, pH balanced, plastic free)

**Artisan Hand Soaps:** Handmade hotel soaps made with olive oil and shea butter

## TESTIMONIAL

*"When we got the samples of the soap, we distributed them around so we could all try them. It's a lovely product to use. The other soaps we tried were too hard. We very much liked the size of the soaps and presentation. We decided to run with Melissa at Spire NZ as she is a lovely person, very professional and easy to deal with."* Dan from Bell Hill Apartments
